

ST JUDE ANNOUNCES

CHRIST OUR LIGHT

<< HEALING RETREAT >>

Come and listen to stories of Christ's healing message of HOPE.

"I found your site online -- I was at the point of suicide -- I read your stories of healing -- said your prayer and God changed my life."

"My family of six was away from the church into drugs, divorce and more -- I prayed the prayer you sent me -- after two years they returned to the church. Some don't even understand why. God is good!"
